

In our case, I was going to be retiring soon, and you want To Have The House ship shaped good to go when that time comes around. So we planned ahead, and we knew We Were reaching the End Of Life, I Guess you'd call it, for Our Heating system and Our water heater, all of those things. And so we needed somebody who could kind of lay it all out for us. One of Blazer's strongest points is the Folks that work There call, they Get back to you immediately. They come out. They're extremely friendly. Not Just knowledgeable, but just so personable. And you feel like that they're giving you 300%.
